### **S01 Book Set: Metropolitan Paradise: A Struggle for Nature in the City, Philadelphia's Wissahickon Valley 1620-2020**

Gwen Lindgren has generously donated a 4-volume paperback, hard-cased book set, written by David Contosta and Carol Franklin. Metropolitan Paradise is the definitive book on the relationship between Philadelphia's natural and urban environments. Yet this paradise is part of an old urban region, suffering all the troubles of a modern city. This book set takes one on a local journey and an exploration of how to resolve the crisis of a collapsing natural world. The preservation and restoration of the Wissahickon Valley is offered as a possible model for the world's cities. A \$70.00 value
