WOULD YOU LIKE AN ORANGE STICKER?

If you are at USG for a USG event and would like to signal to others that you are being cautious (for example, avoiding hand shakes and hugs), for whatever good reason you might have, please take a sticker, available outside at USG's side door and in the Little Free Library, and indoors in a few places.

Nobody has to wear a sticker, but if someone is wearing one, let's treat them with respect and give them their space, no questions asked.
