Adjusted Household Fair Share Income is total income minus major expenses like major medical, education, or child/elder care expenses.

From the chart above, for example, if your *Adjusted Household Income* is \$50,000, a *Fair Share Pledge* could be from \$125 to \$210 each month (which is 3% to 5% of this level's *adjusted income*). You decide your level of commitment.

We understand everyone's situation is different and may change over time. Ultimately, your <u>judgment</u>, <u>conscience</u>, <u>and circumstances</u> are the best guides for you to decide what is best for you and for USG. Fair Share Giving is for EVERYONE at USG.

Pledge first by emailing your monthly pledge to <u>stewardship@usguu.org</u>.

Then make payments (or set up autopayments) to cover your pledge using the Online Payment Center at usguu.org.
